

Daniel Lewin

Software Engineer | Los Angeles Metropolitan Area |  danielewin8@gmail.com |  <https://www.linkedin.com/in/daniel-lewin8/> |  <https://github.com/Danielewin8>

SUMMARY

Software Engineer, having completed Springboard's comprehensive software engineering program. Eager and interested in roles involving software development, game production, and music. Seeking a dynamic company where I can leverage my evolving skills with passion and enthusiasm.

SKILLS

- JavaScript, Python, HTML and CSS.
- React and frontend framework related tasks.
- Backend frameworks including Flask and Express alongside Node.js.
- Databases with PostgreSQL.

EXPERIENCE

Software Engineering Trainee, Springboard | *Sept. 2022 - Oct. 2023*

- Mastering skills in front-end and back-end development, databases, and data structures and algorithms
- Completed 800+ hours of hands-on coursework, with 1:1 expert mentor oversight, and completion of in-depth portfolio projects:

YourMix: <https://github.com/Danielewin8/YourMix>

- Unique Spotify music playlist maker made with ReactJS.
- Use of AI and ChatGPT (<https://platform.openai.com/docs/introduction>) to allow users to create dynamic queries and searches for their playlist.
- Seamless Spotify user authentication and playlist creation ability (<https://developer.spotify.com/documentation/web-api>).

Games Direct: <https://github.com/Danielewin8/Games-Direct>

- Informational Directory for video game data made with Python and Flask.
- Gained experience and expertise with external API's using the RAWG API (<https://rawg.io/apidocs>).
- Accomplished objectives of providing an accessible and readable application using Jinja and CSS.

Martial Arts Instructor & Associate, Moorpark Karate & Krav Maga | *2013 - 2020*

- Engaged with local communities, providing guidance and mentorship to more than one hundred individuals of various age groups, fostering robust interpersonal skills within a professional setting.
- Participated in organizing and running events, taking part in marketing initiatives, and managing programs, contributing to the expansion of my business while honing organizational and financial skills.
- Collaborated with and led a small team, fostering personal accountability and a strong work ethic, while also promoting a positive work environment through successful teamwork and encouragement.

EDUCATION & CERTIFICATIONS

Springboard | Online | *Sept. 2022 - Oct. 2023*

Springboard Software Engineering Certificate

- 9-month intensive course in Software Engineering methodologies and technologies with 1:1 industry mentor oversight

Volunteering

Coast and Waterway Conservation Volunteer | *Jan. 2020 - March 2020*

International Volunteer HQ/Sustainable Coastlines | Auckland, New Zealand

- Engaging in local environmental initiatives, event coordination, and promotions, enhanced adaptability in tackling diverse challenges and tasks.
- Participated in fundamental data collection practices, improving problem-solving skills and enabling the ability to make a more efficient impact.
- Immersed in other cultures and ways of life, further developing communication skills and congeniality.
